*** Important note: The switchover will take a minimum of 7 calendar days after receiving the signed registration form**

If I use the services, which presupposes a contract for the telephone connection, they will be automatically cancelled on the date of activation (e.g. Internet access, Voice over IP, subscribed special rates). This may result in my previous providers billing me additionally for contractual opt-out charges. To avoid these additional costs, I must cancel all additional contracts in good time, i.e. by complying with notice periods and canceling the phone line of my previous providers by the latest to end on the date of activation. Télésonique will inform me later of the precise date and time of the switchover. Provision of service by my previous provider will end on this date.

The General Terms and Conditions (GTC) of Télésonique SA apply. With my signature, I acknowledge that I have received, read and accepted the GTC, the Internet use guidelines and the subscription conditions for ULL. I also confirm that the details I have given are correct. This ULL registration form does not release me from obligations made to my previous provider (such as minimum term of contract, payment of bills). The actual speed depends on my telephone line (e.g. distance to the nearest exchange) and may be slower than the listed speed. I will be informed of the precise date of activation of ULL service with the order confirmation. This contract shall commence, subject to a positive credit check done by Télésonique, with the date of my signature. Billing begins at the time of activation of the service(s) and is at the same time the beginning of the minimum contract period.

Please send us the signed contract **together with a valid ID copy** (Swiss passport/ID card, legitimacy card or working permits B/C/L).
